POST GRADUATE YEAR 1 RESIDENCY PROGRAM: PREPARATION FOR ADVANCED PHARMACY PRACTICE

Comprehensive Training in Acute and Ambulatory Care
At Providence Regional Medical Center Everett (PRMCE), pharmacy services are dedicated to the organization’s overall mission to provide exceptional patient care through our core values of Justice, Excellence, Respect, Compassion and Stewardship. During your residency training you will have a chance to develop advanced skills in a progressive pharmacy department. The program takes advantage of the many services provided at PRMCE and offers a broad selection of rotations to meet your specific professional goals. Through our PGY-1 program, you will gain the broad experience necessary for a successful career as a clinical pharmacist. We have affiliations with both the University of Washington and Washington State University Schools of Pharmacy.

Pharmacy Residency Program Overview
The PRMCE PGY-1 pharmacy residency program builds on Doctor of Pharmacy (PharmD,) education and outcomes to contribute to the development of clinical pharmacists responsible for medication-related care of patients with a wide range of conditions, eligible for board certification, and eligible for postgraduate year two (PGY2) pharmacy residency training.

- Residents are part of interdisciplinary healthcare teams and they will participate in multiple clinical committees.
- Residents will have the opportunity to participate in a longitudinal ambulatory care experience, and they will also be involved in our program that helps patient successfully manage their medication changes as they transition between acute and ambulatory care environments.
- Part of your training will involve staffing the main central distribution pharmacy in order to help ensure you are competent in the operational side of hospital pharmacy and understand how it impacts patient care.

Grow Professionally at Northwest Washington’s Largest Medical Center
Providence Regional Medical Center Everett is an award winning 501 bed, not-for-profit Level 2 trauma center. PRMCE is part of the Providence Health System, which operates 35 hospitals across five states in the Western United States. Located in Everett, thirty miles north of Seattle, PRMCE offers comprehensive medical and surgical services and is a regional referral center.

- HealthGrades Distinguished Hospital Award for Clinical Excellence (2014)
- The 100 best hospitals in America named by Becker’s Hospital Review (2012)
- PRMCE is recognized for leading and pioneering new treatments in cardiovascular care and has been listed in Top 100 cardiovascular hospitals in the United States by Thompson Reuters six times.

Our Department of Pharmacy has received the following awards:
- The Wayne A. Kradjan Excellence in Clinical Teaching Award, University of Washington School of Pharmacy (2012)
- President’s award for Excellence in Antimicrobial Therapy Monitoring Service (2011)
- Over 20 years of experience precepting student pharmacists with excellent ratings for both APPE and IPPEs.
PHARMACY RESIDENCY

PRMCE Pharmacy is dedicated to the optimal health of our patients through excellence in the provision of Pharmaceutical Care

Choose a Residency Project
All residents will complete a year-long project based on departmental needs and resident interests. The project will be presented at the Western States Residency and Preceptor Conference held each spring and must be submitted in written form as a manuscript prior to the completion of the residency year. In addition, the resident is encouraged to submit their projects to a major ASHP meeting.

PRMCE Department of Pharmacy
The Pharmacy Department provides 24-hour acute care services. These include centralized distribution, decentralized clinical services, an ambulatory anticoagulation clinic, family medicine refill authorization services, and several retail pharmacies. Part of your activity will involve staffing the main central distribution pharmacy every other weekend in order to help ensure you are competent in the operational side of hospital pharmacy and to gain confidence necessary to provide pharmaceutical care in a community hospital.

Receive Salary, Benefits and Travel Opportunities
As a pharmacy resident, you qualify for employee benefits. The benefits package will include medical, prescription, vision, and dental coverage (for you and your dependents), as well as 10 days of paid time off. Administrative leave is provided for ASHP Midyear and Western States Residency Conference meeting attendance.

Applicant Requirements
To be considered for the PGY1 Pharmacy Residency, you must be registered with the ASHP Matching Program and all applications are submitted via PhORCAS. Prior to the start of the program, the resident will have graduated from an ACPE accredited college or school of pharmacy and shall be licensed or eligible for licensure in the State of Washington. Residents not licensed as a pharmacist at the beginning of the residency must be licensed as a pharmacy intern with the State of Washington and all candidates should complete their pharmacist licensure within 90 days of starting the program.

Applicants must pass all Providence employment screenings including but not limited to drug screens, background and health screening. Applicants must be eligible to work in the United States, PRMCE does not sponsor any visa requests. Strong residency candidates must possess excellent verbal and written communication skills, demonstrate a pattern of professionalism and leadership, as well as being committed to patient focused pharmaceutical care.

How to Apply
To be eligible for the PRMCE PGY-1 Pharmacy Residency, applicants must submit the following as required by PhORCAS no later than January 1st.
- Cover Letter, stating reasons for applying to a PGY-1 and why you want to train at PRMCE
- Curriculum Vitae
- Three letters of professional recommendation
- One official copy of college of pharmacy transcripts
