## Charles Dickens

**"I will honour Christmas in my heart, and try to keep it all the year."**

Charles Dickens is the inspiration for the design, as well as the designer. To live in the Past, the Present and the Future and the Spirits of all Three shall strive within me and I will not shut out the lessons that they teach.

This tree features classic Christmas decor of black and red with nods to the foremost English novelist of his time. Small details include spiced orange pomander balls and black horsehair ribbon. Don't be a Scrooge and bid high!

## A Royal Affair

This year's tree is designed with inspiration taken from European monarchs of the 17th century, who, encouraged by the Catholic Church, embraced the ornate Baroque style used to produce drama, exuberance and grandeur.

This tree is a sparkling example of the long history of the ties between royalty and religion, with crowns, angels and more, on a gorgeous gold tree glittering with even more gold, silver and pearls.

## A Christmas Wonderland

House of Stiles has designed a magical Alice in Wonderland Christmas tea party scene... by using swirling playing cards, a lavish dining table set with China and silver platters of goods. Moss and flowers have overgrown the space, while tea pots are pouring coffee into tea cups and clocks are misshaped and backwards. A creative vision filled with both wonder and miraculous color.

Merry Christmas! We hope you enjoy!

## The Little Drummer Boy

As a child, two of my favorite Christmas songs were "Away in a Manger" and "The Little Drummer Boy." This wonderful memory prompted the creation of *The Little Drummer Boy* Christmas tree, in hopes it will bring out the child in each of us.

Since the poor little drummer boy has no gifts fit to give a King, he proudly plays his drums the best he can.

This designer's stunning creation is decorated in hues of vibrant blue, gold and black, and is enhanced with sparkling blue tree lights and shimmering blue tulle netting.

### *Features:*

- 3 1/2 foot metal "drummer boy" silhouette yard art
- 2 cleverly lit drum tree toppers
- Custom-framed drummer boy silhouettes with the song's music sheets in the background

## Yukon's Yultide

Merry Christmas! This designer tree evokes classic Christmas filled with joy and wonderment. 'Tis the season filled with visions like the blistering cold winters of the Yukon, but that does not stop us from feeling the love, warmth, and magic of Christmas. And there is the story of another Yukon... Yukon Cornelius.

As many of you know, Yukon Cornelius appears in the original film, "Rudolph the Rednose Reindeer." Yukon meets Yukon Cornelius on the way to the land of misfits, and nothing will stop Yukon from his dream pursuit, which he eventually reaches: "Peppermint! What I've been searching for all my life. I've struck it rich. I've got me a peppermint mine...Wahooooo!"

"Yukon's Yultide" is a design filled with spirit, a spirit that meshes modern with classic, and elevates misfits to universal appeal. If you think about it, Jesus was also considered a misfit in many ways.

Wishing you all the joy and wonderment this Christmas brings!
